Pet Collection

At this time, we offer most breeds of cats and dogs.
If you do not see your breed listed, please feel free to inquire at any time for our most updated list.
Most pieces in this collection are available in your choice of sterling silver or 14KT gold.
Every pendant includes an 18" chain. Other lengths and styles are available.

Persian	EMJ884	EMJ1006	.
Siamese	EMJ885	.	.
Tabby	EMJ886	EMJ1008	.

Filling Instructions

1. Gather the provided tools: a soft mat or towel, your cremated remains, hair, dried flowers etc., and your piece of Everlasting Memorial Jewelry.
2. Place your mat or towel in front of you with your tools within reach, along with your cremated remains and memorial jewelry.
3. Take the cremated remains and separate an amount that is particularly fine in grain. It should resemble a fine powder.
4. Take your piece of Everlasting Memorial Jewelry in your weak hand (opposite your writing hand) with the screw-head facing up; it is a good idea to brace your piece of jewelry against the mat or towel.
5. With your writing hand, remove the screw (counter-clockwise) with the enclosed Alan wrench, and set the screw aside.
Next, take the enclosed brass funnel, place it into the fill hole and keep it in place with your hand that is holding the jewelry.
6. With your free hand, put a small amount of sifted cremated remains into the provided funnel and help it into the jewelry with the enclosed straight-pin.
8. Remove the funnel, realign the screw within the fill hole, and tighten clockwise.

Note: Other than cremated remains you may also insert other mementos like hair, and dried flowers into the fill hole of your jewelry. Please note, your jewelry accepts only a very small amount of cremated remains. This allows for your entire family to partake in this Everlasting Memorial keepsake.

*We hope you enjoy your piece of Everlasting Memorial Jewelry.
We hope it brings comfort to you and your family for many years to come!*

Birthstones

There have been many different sets of birthstones used throughout history and in different cultures. In 1912, in an effort to standardize them, the American National Association of Jewelers, Jewelers of America, officially adopted the following list; it is currently the most widely used list in the United States and many other locations worldwide including Australia and Thailand. Some alternatives have been adopted to be a less expensive substitute for a cut stone.

Month	Birthstone	Alternate Birthstone
January	Garnet	Rose Quartz
February	Amethyst	Onyx
March	Aquamarine	Red Jasper ("Bloodstone")
April	Diamond	Rock Crystal ("Quartz")
May	Emerald	Chrysoprase
June	Pearl	Alexandrite or Moonstone
July	Ruby	Jade or Carnelian
August	Peridot	Aventurine, Sardonyx or Sapphire
September	Sapphire	Lapis Lazuli
October	Opal	Pink Tourmaline
November	Yellow Topaz	Citrine or Turquoise
December	Turquoise	Topaz or Lapis Lazuli
